**Festa Della Repubblica Program, Learn the Italian National Anthem:**

We will play the anthem along with some old-time Italian-American favorites on the screen.  
 All you need to do is watch and sing along. The event will also include a sing-along to some of the amazing Italian American singers that are a part of American pop culture. This is definitely going to be a bilingual experience. To lead us in this sing-along endeavor is our Italian-language instructor Delia Schizzano, Co-Chair, her language students, & music by DJ Eric.
